

76th Software Engineering Group, Tinker AFB, OK

Computer Science and Engineering Internship Opportunities for Summer 2020

The 76th Software Engineering Group at Tinker Air Force Base in Oklahoma City is excited to announce that we are accepting applications for engineering and computer science internships for summer 2020. The 76 SWEG is the largest engineering organization on Tinker Air Force Base and is responsible for software design, development, integration, and sustainment of many of the Air Force's Mission Critical Computer resources. Interns in this program will be exposed to a variety of different workloads and gain real-world work experience in a professional and technical environment.

All of our interns must meet the following requirements:

- Currently pursuing a degree in Electrical Engineering, Computer Engineering, Computer Science or Engineering Physics
- Currently enrolled in an approved, full-time program pursuing a Baccalaureate Degree
- Live near or are willing to move near Tinker AFB during the 3-month summer program
- Ability to obtain and maintain a security clearance (Air Force will fund the clearance)
- Possess U.S. Citizenship

The 76th Software Engineering Group has **3** different internship paths available:

SWEG Summer Internship

The SWEG Summer Internship provides an opportunity for current students to gain engineering experience during a 10-12 week summer program or opportunities may exist for part-time semester work, following summer internships, and/or conversion to full-time employment after graduation.

To apply: Complete the application, and upload your resume and transcript(s) at:

<https://afcs.recsolu.com/external/form/Y83YNwaf1fwAKBf1wRjxA>

PCIP (Premier College Internship Program)

In addition to completion of a 3-month internship experience, PCIP may qualify you for a future spot in the Palace Acquire Program (PAQ). Students in PAQ receive funding for the full-time pursuit of a technical Master's degree while collecting a salary for full-time employment. More details of the PAQ program can be found here:

<https://afstem.afciviliancareers.com/entry-level-programs/palace-acquire.html>

PCIP internship has the additional requirements:

- Completed at least 60 semester hours (must be a Junior)
- Possess a minimum GPA of 3.0 on a 4.0 grading scale

To apply: Complete the application, and upload your resume, transcript(s), and your degree plan

(showing all classes you need to graduate) at: <https://afcs.recsolu.com/external/form/Y83YNwaf1fwAKBf1wRjxA>
